Join the Mt Beauty Primary School Parent Club

Our school values people like you—parents, grandparents and community minded people who want to help.

**Why be involved?**

There are proven educational and wellbeing benefits for children whose parents actively participate at their school. Being involved builds positive relationships within the school community. You will discover old, forgotten skills, and learn new ones. Become a voice in the development of new initiatives in education. Come along to a meeting and see for yourself how you can make a difference.

**Our school would appreciate any time you can give to help with:**

- Classroom reading
- Canteen
- Working bees
- Sports events
- Fundraising
- Classroom helpers
- Cooking
- Gardening
- PMP

**The Partnership**

The partnership between a school and its Parent Club is built on trust, respect and shared values. It thrives on open and honest communication.

We need people from all walks of life, who are able to commit a small amount of time to help deliver great outcomes for our children and school.

Everybody has a role to play and your ideas may make a difference.

**Goals of our Parent Club**

- To use our talents, interests and energies to help enrich and diversify the life and wellbeing of all students.
- To provide an ongoing forum for the discussion and development of parents views on the issues relating to children’s education and welfare.
- To maximise parental consultation and participation in decision making in the school.
- To raise funds for the benefit of all students and the school.

*To be a social group—meet other parents and have fun!*

Meetings are held on the fourth Tuesday of the month. Contact Parent Club Secretary Angela Toniolo on 5754 4069 or on atoniolo@westnet.com.au for more information.

Great results can be achieved when we work together.
