Student Engagement Policy

The Student Engagement Policy aims to ensure a safe and inclusive school environment for everyone. It also outlines the school community’s expectations for student engagement, attendance and behaviour.

Your school’s Student Engagement Policy should:
- create a positive, fair and respectful culture
- build a safe and supportive environment
- encourage positive and respectful relationships that value diversity
- encourage student participation and student voice
- proactively engage parents/carers.

Shared expectations

The whole school community must be involved in developing shared expectations for the participation and behaviour of staff, students and their parents/carers. Part of this is ensuring students respect themselves, their peers and their teachers and are well behaved. When this does not happen, a staged response will be used by the school to support improved behaviour.

A staged response

The student support group is an important part of prevention and early intervention strategies for students with learning and behaviour issues. It should involve you, your child (if appropriate), the school principal (or their delegate), your child’s main classroom teacher or year level coordinator and any professionals who have been supporting you or your child. You can also bring along a friend or family member, as long as they are not acting for a fee or reward.

The student support group works out what your child’s learning, social, emotional, behavioural and environmental needs are to ensure they get the best support and resources available. If required, the student support group can refer you or your child to community support agencies for specialist interventions.

Contacts for information and support

Department of Education and Early Childhood Development Regional Offices.

This brochure addresses issues around suspension from school and is for parents/carers of suspended students. It covers:
- the Student Engagement Policy
- shared expectations for student engagement, attendance and behaviour
- how schools can support students before and after a suspension.

It also lists contacts for further advice and support.
Procedures for suspension When a principal decides on suspension, a student support group meeting is set up to:

- explain to you and your child why, when and where the suspension will happen (e.g. in-school or out of school)
- provide contact details for additional support services
- develop, in conjunction with you, your child (if appropriate) and your child’s teacher/year level coordinator, a Student Absence Learning Plan outlining school work to be done during the suspension.

If your child is suspended, the school must provide you and your child with a Notice of Suspension and a copy of this brochure before the suspension begins.

If the suspension is for five consecutive days, the principal must also provide you with details of the post-suspension student support group meeting.

Immediate suspension A student can be suspended immediately if their behaviour warrants ordinary suspension or if they are putting the health, safety and wellbeing of themselves, staff or other students at significant risk.

In the case of immediate suspension you will be told without delay and a student support group will be held within 48 hours to ensure appropriate support for your child is in place. The school must provide you and your child with a Notice of Suspension and a copy of this brochure at the student support group.

Post-suspension student support group If the suspension is for five consecutive days you and your child must attend a post-suspension student support group on the day your child returns to school to:

- review the Student Absence Learning Plan and the school work completed during suspension
- develop a Return to School Plan
- develop strategies within and outside of the school to meet your child’s educational, social and emotional needs
- discuss the ongoing responsibilities of you, your child, the school and any other professional at the meeting.

Suspension complaint process It is best to raise any concerns you have about your child’s suspension at the start of the student support group meeting. If, at the end of this meeting, you feel your complaint has not been adequately addressed then you should speak to the school principal.

The Department of Education and Early Childhood Development website provides additional information, phone numbers and further contact details for parent complaints.
